

SPRING AILMENTS

Relieved by a Good Medicine—Forty Years of Success.

People still take Hood's Sarsaparilla because it is an old family friend, has proved its merit to three generations in purifying and enriching the blood, expelling humors, restoring appetite, relieving rheumatism, and banishing that tired feeling so common at this time of year.

Hood's Sarsaparilla is the standard Spring medicine, blood purifier and general tonic. It originated in a well-known Boston physician's successful prescription, and combines medicinal roots, herbs and berries such as are often prescribed for ailments of the blood, stomach, liver and kidneys. Buy it in the same strong package as that in which your mother bought it—same good formula, same fine appearance, same pleasant taste, same certainty of good results.

Your druggist knows how much satisfaction this good medicine has given.

TO RESIST THE ATTACK

of the germs of many diseases such as Grip, Malaria, means for all of us—fight or die. These germs are everywhere in the air we breathe. The odds are in favor of the germs, if the liver is inactive and the blood impure.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spots," or soil for germ-growth.

We claim for Dr. Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself. It cures troubles caused by torpid liver or impure blood.

This herbal tonic is made up in liquid or tablet form and can be obtained in any drug store in the United States. It contains no alcohol or narcotic, and its ingredients are printed on the wrapper. Write Dr. Pierce, President Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and send 10 cents for trial package of tablets.

ST. LOUIS, TENN.—"I have used Dr. Pierce's Medical Discovery in my family and find them to be the greatest medicines known for the diseases of the human race. The 'Golden Medical Discovery' is the greatest medicine I ever used for 'run-down' nerves; the greatest liver medicine known in this country; good for diarrhea. I know this medicine is good for the above complaints for I have used it for them."
"I will answer any inquiry from any sick person and gladly tell what this wonderful medicine has done for me."
NATHAN CARROLL, Route 2.

ST. LOUIS, ALA.—"This is a true statement as to the value of Dr. Pierce's Medical Discovery. I used one of his great remedies in my own family with good results, namely, 'Golden Medical Discovery,' and found it to be a life saver. There is no medicine that will come as near doing what it is claimed for it; there's no praise too high for it."
W. H. JOLLY, Box 214.

COMPLETE EVACUATION OF CITY OF PETROGRAD

Passenger Train Service Suspended—Red Guards Make Stubborn Defense at Abo.

London, Thursday, March 14.—The evacuation of Petrograd has been completed, according to a Reuter dispatch from that city, quoting an official communication. No of the population will be permitted to leave the city hereafter and in order to make certain that the order is obeyed, all passenger train service has been suspended.

The council of commissaries of "the command of Petrograd," which will be the official designation of Petrograd and the district surrounding it in future, has authorized the reappearance of all so-called bourgeois newspapers which had been suppressed since the beginning of the German offensive.

Occupation by the Turks of the entire Baku region has been confirmed. Latest details of the German occupation of Abo, Finland, state that 3,000 troops with artillery came from the Aland islands in several transports preceded by an ice-breaker. The red guards refused to surrender, and the Germans bombarded the town for half an hour, forcing the red guards to retire. The Germans seized three Russian torpedo-boats and some mine sweepers.

FRENCH DIVIDED ON QUESTION OF REPRISALS

Element in Chamber of Deputies Opposes Attack on Any but Military Objectives.

Paris, March 16 (Saturday).—An important debate appears to be in prospect in the chamber of deputies on the subject of reprisals for aerial attacks on Paris.

Recently there has been a revival of discussion concerning the possibility of an agreement on the part of belligerents to cease reprisals of all kinds, particularly air raids over open towns outside the fighting zone. This discussion originated in the report that the central powers had made a proposal to the allied powers to neutralize, at the same time agreeing to give up the use of gas and liquid fire at the front. Since that time the Germans have intensified their air raids, instead of taking a step in the opposite direction.

Debate on Reprisals.
In France there has always been a strong element hostile to the bombardment of any but military objectives. This element is still active and is certain to bring on a debate if it should appear that the government had decided to make reprisals.

Premier Clemenceau has been quoted variously on the subject, but generally is understood not to be in favor of reprisals in the way of attacks on women and children in undefended towns. He is believed to favor air raids made as far as possible within the German frontier, but strictly upon establishments of military value.

AUSTRIAN RAID FAILS

Artillery Duels Livelier on Italian Front.

Rome, March 18.—Increased artillery activity along some sectors of the mountain front and along the Piave, is reported in today's war office statement. Austrian raiding detachments along the lower part of the Piave line were driven off. The statement reads: "The artillery duels were livelier in the Lagarina valley, in the Montello area and south of Zenon. Many parties were dispersed on the bed of the Piave by our machine guns. Our patrols destroyed enemy works in the Giudicarie valley, caused alarm in enemy positions in the Laga region and captured war material in the coastal region."

"Five hostile airplanes were brought down by our aviators. Last night a naval airship bombed an enemy aviation ground."

W. R. SNYDER PROMISED LIEUTENANT'S COMMISSION

(Special to The News)

Washington, March 18.—W. R. Snyder, of Chattanooga, a lawyer, has returned home after a week in Washington in conference with war department officials. He has been practically assured of a commission as lieutenant in the transportation division of the quartermaster department, according to information received here.

Judge Cummings, of Chattanooga, who was here on departmental business, has returned to Tennessee.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."
Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

HEADS RED CROSS CHAPLAINS ABROAD

Bishop John N. McCormick, of the Episcopal diocese of Western Michigan, has been placed at the head of the Red Cross chaplains in France, and has been given the rank of major. The bishop left Grand Rapids and went overseas last October to represent the war commission of the Episcopal church.

22 ENTENTE AIRPLANES BROUGHT DOWN BY HUNS

Berlin Statement Announces Haul on Franco-Belgian Front.

Berlin, March 18.—(Via London).—Twenty-two entente airplanes were brought down by the Germans yesterday on the Franco-Belgian front, army headquarters announced today.

French airmen, the statement declares, bombed hospital establishments at Le Thour (north of Rheims).

Statement Follows.

"On the whole front the aerial activity was very marked," the statement reads. "The French bombed hospital establishments at Le Thour, which were clearly recognizable as such."

"Yesterday we shot down twenty-two enemy airplanes and two captive balloons. In February, the losses of the enemy aerial forces on the German front amounted to eighteen captive balloons and 138 airplanes. Fifty-nine of these airplanes fell behind our lines and the remainder beyond the enemy positions. In aerial encounters we lost six of our airplanes and three captive balloons."

The statement follows: "Army Group of Prince Ruprecht: In Flanders, north of Armentieres and in connection with English thrusts on both sides of the Lys canal, the activity of the artillery increased several times. It was moderate on the remainder of the front."

"Army Group of German Crown Prince and Gen. Von Gallwitz: Between the Oise and the Aisne north of Rheims and in isolated sectors in Champagne the artillery fire was revived, continuing throughout the day. It was more intense on both banks of the Meuse."

"Army Group of Duke Albrecht: On the Lorraine front and in the middle Vosges the artillery fighting was active temporarily."

Costly to Compete With American Guns

With the American Army in France, Friday, March 15.—(By the Associated Press).—American artillery last night again pounded supposed gas projectors northwest of Toul. Photographs taken later showed the complete destructiveness of their gun fire.

There has been no activity except the usual patrol through No Man's Land and there reported no brushes with the enemy.

The German artillery fire has been decreasing in intensity to a certain extent, indicating that the enemy finds it so costly to keep up with the sustained American fire. A few German snipers were busy during last night and today but they got no victims.

BANKS GETS HIMSELF INTO DEEP TROUBLE

J. R. Banks, giving his occupation as a painter, is in deep trouble. Detectives Marion Perkins and W. C. Smith have arrested him on charges of passing worthless checks and forging. It was stated Monday afternoon that there are three cases of forgery, three of passing worthless checks and two cases of larceny against the accused. The larceny is said to consist of jewelry and clothing.

ELECTRICIAN ON U. S. STEAMER HULL DROWNED

Washington, March 18.—Electrician Oscar Rudbeck, of New York, on duty on the U. S. S. Hull, was drowned March 15, the navy department announced today. His body was not recovered.

SUCCEEDS REDMOND AS IRISH LEADER

John Dillon has been chosen to succeed the late John Redmond as leader of the Irish nationalists. Dillon has held a seat in parliament since 1885.

VALUABLE RED CROSS AUTHORITY KILLED

Author and Playwright Meets Death in Automobile Accident in Canada.

New York, March 18.—Harry James Smith, regarded by the American Red Cross as the foremost successful authority on sphagnum, a moss used by entente and American medical corps in the war zones as a substitute for cotton in surgical dressings, was killed yesterday in an automobile accident near New Westminster, British Columbia. He was in Red Cross service and had gone to Canada on a mission connected with the moss, having already made a study of the supply of sphagnum there.

Mr. Smith, who was 38 years old, was widely known as an author and as the writer of several successful plays. He had been engaged in literary work since 1906, part of the time as an assistant editor of the Atlantic Monthly. His home was at Berlin, Conn.

News of Mr. Smith's death was received by Maj. John A. Hartwell, medical reserve, U. S. A., who is the Red Cross national adviser on surgical dressing, from Prof. J. W. Hosson, of the University of Washington, at Seattle, associated with the northwestern division of the Red Cross. Maj. Hartwell said today that Mr. Smith was the only authority in the United States on the various varieties of this growth which are needed for surgical dressing.

Belgians Take Over Vital Coast Sector

On the British Front in Flanders, Sunday, March 17.—(By the Associated Press).—The important coast sector of the western front, which for a considerable time has been in the hands of the French, has been taken over by the Belgians.

That King Albert's new army has been able to assume this additional burden speaks highly for the condition of this comparatively small fighting machine which has battled so valiantly from the beginning.

On a recent visit to the Belgian front the correspondent learned that the Belgians had effected a great improvement in their organization during the winter months and certainly the morale of troops and officers seems at the highest pitch.

ALLEGED DESERTERS TRIED AT DANVILLE

Danville, Va., March 18.—Devaney Putnam, Company C, 115th infantry, Camp McClellan; Matthews Trent, Virginia coast artillery, Fortress Monroe, and J. C. Rhodes, battery E, Virginia field artillery, alleged deserters, who assaulted Jailer Ernest Covington yesterday afternoon in an effort to escape from prison here, were today surrendered to the local authorities by the officer in charge of local recruiting headquarters. The three men were tried today and each sentenced to sixty days in jail for felonious assault.

A negro trusty went to Covington's rescue and took the jailer's pistol from one of the soldiers and discharged it through a window giving the alarm at the courthouse.

Gen. Birmingham to Speak to Chamber

At the regular monthly meeting of the Chattanooga Chamber of Commerce Tuesday night Brig.-Gen. Birmingham, commanding officer at Camp Greenleaf, and Col. Henry Page, former officer in command at the medical camp, will deliver talks.

MOB OF SINN FEINERS RIOTS FOR FOUR HOURS

Policemen Among Many Persons Sent to Hospitals After Belfast Disorder.

Belfast, March 18.—In the rioting between the mob Sinn Feiners and the police in the nationalist quarter of Belfast early Sunday, sticks, clubs and stones were the chief weapons, but some revolver shots were heard.

The trouble lasted from midnight until 4 a.m., and many persons, including some policemen, were sent to hospitals.

The Sinn Feiners had announced they would hold a meeting in St. Mary's hall, a nationalist gathering place, but the authorities closed the hall. Saturday, Sinn Feiners were brought in from different parts of the country to begin imprisonment in the Belfast jail. Many sympathizers came along.

Prof. Edward de Valera, member of parliament for East Clare and a Sinn Feiner, arrived in an automobile at midnight, accompanied by a body guard armed with hurley sticks and others carrying blazing torches. The hall being closed, de Valera moved his meeting to a vacant lot 100 yards from the hall. He had talked ten minutes when the police declared their intention to break up the crowd, numbering about 2,500. Hurley sticks were brought into play at once. The police drew their batons and came at the double quick. A stiff fight ensued, sometimes leading up back alleys. It was not until the military were brought to the scene that order was again restored.

Republicans May Not Put Out Judicial Ticket

Knoxville, March 18.—The state republican executive committee has been called to meet in Nashville March 25 by J. Will Taylor, chairman, to consider action of rescinding the call for a judicial convention to nominate candidates for the supreme court and court of civil appeals.

Chairman Taylor is opposed to putting out a ticket and has been requested to call the committee to reconsider the matter.

CAMPAIGN TO INCREASE OUTPUT AT SHIPYARDS

Baltimore, March 18.—The Southern Commercial Congress, which held a meeting here today, will launch an active campaign to increase the output at southern shipyards. The meeting will close with a dinner tonight at which Andrew Tardieu, French high commissioner in the United States, will be the guest of honor.
